

CAPABILITY STATEMENT

EquityTech Consulting

UEI: WMSFSXW729J6 | CAGE CODE: 01U21

ABOUT US

We offer a broad range of IT expertise, with a strong generalist foundation complemented by specialized knowledge in the energy sector. Our firm excels in aiding energy companies, young or old, to maintain compliance with NERC and FERC regulations, ensuring they meet critical industry standards. Our team's comprehensive approach integrates essential IT services with advanced automation strategies to enhance operational efficiency, making us an indispensable partner for energy firms seeking robust, compliant IT frameworks.

CORE COMPETENCIES

- Cybersecurity Services and Advisement
- IT Infrastructure Design and Implementation
- GIS Data Analytics
- Custom software development

WHY CHOOSE US?

Innovative Solutions: From vCISO services to custom software development and GIS data analytics, our comprehensive service offerings help streamline your operations, boost efficiency, and drive growth through automation.

Client-Centered Approach: We believe in forging strong partnerships with our clients, working closely to understand your needs, and delivering solutions that fit your business, ensuring reliability and long-term success.

Proven Track Record: With extensive experience in managing IT infrastructure for energy firms, we bring the skills and knowledge required to implement robust, secure, and efficient systems that stand the test of time.

Proven Startup Scaling: We know how to scale businesses quickly and sustainably, with flexible IT and cybersecurity strategies that grow with your company.
